## Basic Information & History

---

The Stanley Community Schools Will Athletic Complex Renovation Fund was established in 2018. This non-endowment project fund provides donors with a way to make tax-deductible donations to help us renovate the complex.

## About the Renovation

---

Our current focus is on our **Athletic Complex Revitalization** project. Our football field/track has needed a major renovation for several years. The project includes:

- new state of art track
- artificial turf field
- new lighting
- proper drainage
- new bleachers

Blue Jay Boosters are working with the Stanley High School to bring this project to fruition. The mission of the Boosters is to assist Blue Jay athletics in many aspects and we believe this project is greatly needed for a number of reasons.

1. Safety of our athletes and our citizens
2. To enhance the way Blue Jay athletes train
3. Provide a venue that the school and community can be proud of
4. Opportunity to host track meets
5. Economic impact to the community by drawing in numerous schools for track meets

## Gift Options

---

We need the support of everyone in the Stanley area in order to make this project happen for our kids and future generations of Stanley students. Please consider making a gift to this fund and give our kids athletic space they can be proud of! There are several ways to support this important project:
