Who We Are

Established in 2008 by a group of concerned residents, the **Golden Valley County Community Foundation** is a permanent endowment fund. Earnings from the fund are given as grants to support nonprofit projects or programs in Golden Valley County that work to improve our area and quality of life for generations to come.

How We Serve

A local committee made up of county residents promotes the fund and makes grants from its earnings once a year to service projects and programs in greatest need.

We wish to spread the message of the foundation, and link vital service projects with generous individuals who want to support their community.

Growing Our Fund

We encourage each social group, individual, business, nonprofit institution, school alumnus, etc. to make some sort of gift from time to time. Over the years, all those gifts will grow this permanent fund to be an even more valuable resource for our communities.

We are building for tomorrow and for our future generations. Needs grow each year, funding sources for them change. This fund only funds a fraction of the needs. Growing the fund means we can play a bigger part in improving our community. The chart below shows other community foundations in our region and the impact their funds are able to have in their area.

Golden Valley County	\$67,248	\$2,500
