

VISION WEST ND FOUNDATION CASE STATEMENT

The Vision West ND Foundation broadens opportunities for western North Dakota communities to improve value of place and establish long-term sustainability.

WHO WE ARE

The Vision West ND Foundation was created to build two primary funding sources to support the activities of the Vision West ND Consortium and the areas it serves. One fund is a project-oriented non-endowed account established so funds can be easily accessed for projects and operations. The other fund is a sustaining endowment established to use the interest this account earns to serve communities over the long term.

OUR HISTORY

Vision West ND began in 2012 as an association of counties, cities, planning agencies, institutions of higher education, and economic development agencies. We had significant organizational assistance from state and federal funding to develop a long-term sustainability plan. When the original HUD grant ended in 2015, the consortium members decided the work was not done simply because a regional plan had been developed. Instead, the work had just begun and the members set about establishing activities to put the regional plan into place. Despite various funding sources and participation from government agencies, Vision West ND has never been a government agency, nor is it government-controlled.

The education and research offered by Vision West ND have tackled a wide array of the most pressing issues for western North Dakota. We have webinars, power points, research papers, and data sets that are offered to the communities and counties for their planning efforts. We have partnered with multiple local, state, and federal agencies to gather information to educate our community members on economic diversification and sustainability.

As funding in the form of grants was reduced, memberships became important and it wasn't long before the consortium leadership realized we needed a funding arm to assist the consortium in forming collaborative partnerships and in bringing forth the education and research necessary to assure our quality of place remains intact over the long-term. The Vision West ND Foundation became a formal organization under the guidance and umbrella of the North Dakota Community Foundation in February 2017.

WHAT WE DO

The Vision West ND Foundation supports the work initiated by the Vision West ND consortium. The consortium brings together key stakeholders to develop collaborative relationships to positively impact western North Dakota. It is a network that shares information, experiences and resources. The Vision West ND Foundation will help bring stability to the consortium's operations so it can concentrate on the following primary areas of focus:

- **Economic Diversification:** Developing business retention and value-added agriculture and industry programs for small towns, including a long-term “buy local” campaign
- **Industrial Valuation:** Identifying solutions for *equitable tax valuation for centrally-assessed and locally-assessed* commercial and industrial sites in all counties.
- **Housing:** Advocacy for rehab of aging housing, conversion of market-value housing to affordable housing, and unmet workforce housing needs
- **Pipelines:** Development of a “one-stop” resource center for state agency resources, providing easier landowner access to answers related to pipeline issues
- **Child Care:** State advocacy for reconciled local and state regulations and identification of methods to reduce gaps in subsidies for families needing child care
- **EMS & Rural Health:** promotion of best practices for intra-county or regional emergency health systems; and addressing local needs identified in rural community health assessments
- **Transportation:** working on a plan with NDDOT and MHA Nation to provide ferry service connecting ND Hwy 8 as an alternative north-south route
- **Leadership:** training opportunities to develop sound future leadership for municipalities, counties, agencies, and organizations
- **Legacy:** promotion of community giving to local community foundations as a lasting legacy for community sustainability

Ultimately, we research, educate, communicate, train, convene and report on the most pressing issues and concerns of the citizens of western North Dakota.

Believe in the Vision!

WHY WE NEED YOUR SUPPORT

Vision West ND has historically been supported through a myriad of funding sources – grants, donations, fees for services. However, as we seek to increase our research and educational efforts, we will need additional funds to further support our programs and initiatives, continue to attract the best human talent for our efforts, grow our consortium, and further increase our impact in making western North Dakota one of the best places on earth to live, work and play.

HOW WILL WE USE YOUR SUPPORT TO ACCOMPLISH OUR GOALS

We will use your funds and donations to

1. **Sustain communities** through direct support to help create local value and quality of place.

of businesses, school, and health center was formed to open a child care center for up to 80 children. Vision West ND provided early research and education to help break down perceived barriers to establishing child care centers.

- The original Stark County planning session that was facilitated by Vision West ND identified the need for quality recreation. A walking trail around Patterson Lake was identified as a quality of life need. The strategy outlined in the planning session resulted in an almost \$1 million grant to develop the path that is today used by multiple generations.
- Vision West ND and NDSU provided a massive amount of research to help individual counties have relevant population data to determine housing needs and workforce needs over a period of 25 years using scenarios with different oil prices and quantities of oil drilled. These studies have become the primary planning documents for most of our western counties.
- Sustainability in government has always been an issue for some cities and counties, but never as much as when the subdivisions had to start competing with the oilfield for jobs. Vision West ND conducted a workshop that offered a variety of methods in keeping the workforce engaged and providing a work atmosphere that suits all generations.
- Planning and zoning issues abounded with the onset of the Bakken. Even after the downturn, townships, counties and cities have had multiple planning and zoning questions and issues with planning and zoning enforcement. Vision West ND offered a workshop in 2012 with a follow-up in 2017 for political subdivisions to learn from professional planners how to set up their planning and zoning, using the best possible policies.
- Vision West ND launched the GoLocal! ND initiative to help mid-sized North Dakota communities bring dollars back to their communities. Starting with a “buy local” campaign, the project’s goal is to increase sales tax dollars in each of the participating communities through a “Shift 10%” campaign where residents, businesses, and government agencies are asked to shift 10% of their online or out-of-trade-area shopping back to their local communities.
- Vision West ND built a partnership with the North Dakota Community Foundation. Through its membership in Vision West ND, the NDCF is working with local communities to build or enhance their local community foundations as well as becoming the resource for the Vision West ND Foundation.

WHY SHOULD YOU SUPPORT US

There are literally thousands of worthy and deserving charities in the United States, and all would like your support. The Vision West ND Foundation fills a void in western North Dakota, as we are the only locally formed grassroots organization that brings together such a varied membership to identify opportunities and engage in problem-solving for the entire western third of North Dakota. We work hard to be objective, unbiased, and non-partisan. We are interdisciplinary, addressing the topics that are brought forth as the most important to the region.

Your donation invests in solutions that are designed to confirm that we live in the best part of the country, if not the world.

In addition to the benefits donors receive by investing in worthwhile work, Vision West ND Foundation donors are recognized and acknowledged in the Foundation's reports, website, newsletters and other widely distributed materials.

HOW MUCH IS NEEDED TO FUND THE VISION WEST ND FOUNDATION GOALS

In order to accomplish our current and future goals, we have established two primary funding sources. One is a project-oriented, short-term account and the other is a sustaining endowment account. Our short term goals are two-fold:

1. **Project Fund:** Grow our non-endowed project account to 25% of one year's operating expenses, or \$25,000 in the first year.
2. **Sustaining Fund:** Grow our endowed fund to \$100,000 within two years and to \$500,000 in the mid-term to be able to serve our communities to the extent that is necessary to make a significant impact on long-term quality of place.

HOW WILL WE ACHIEVE OUR GOALS

Achieving our goals will require a multi-pronged effort. A number of partnerships are being explored including charitable gaming, gifts from the energy and agriculture industries, corporate giving, donations from individuals, and gifts from local community foundations. To accomplish this, we invite all entities to participate in ongoing solution-oriented discussion. We believe that when people want to give to a specific community project, they should donate to their local community foundations. If they want to help make the entire region of western North Dakota have sustainable value and quality of place, they should consider the Vision West ND Foundation.

HOW CAN YOU SUPPORT VISION WEST ND FOUNDATION

Charitable Gift Giving

The IRS allows many different methods of giving to encourage donors to get involved with their favorite charities. Below are a few simple options.

CONFIDENTIAL LEGACY DISCUSSION

Please let us know if you wish to discuss confidentially how one of the following might work in your case. Any and all gifts should be reviewed with your financial professionals before making a final decision.

CURRENT GIFTS: Project Fund or Endowment

1. **Outright:** Gifts can be made in any amount. Gifts can be directed to areas of interest in the business (see funding list). Payment methods can include cash, check, secure online payment with a credit card. Check out our website for gift instructions – www.NDCF.net/give
2. **Memorials-In Honor Of:** There are two kinds of memorials. Outright gifts, which carry the name of a loved one, and those given to a memorial (endowed fund) of which only the interest is used. To set up a new fund, please contact us.
3. **Stock or Mutual Fund Gifts:** If you have appreciated stock or mutual funds, this might offer some extra tax savings. Transfers must be sent in-kind to our account (see our website for instructions).
4. **Gift In Kind:** There are many needs for practical items or services around the homes that serves Vision West ND -- copy paper, pencils, cleaning, snow removal, handyman work, van or automotive repairs, all offer opportunities for you or your business to support us.
5. **Tangible Personal Property:** Such things as coins, jewelry, copyrights, mineral rights, crops, and livestock all can be accepted.
6. **Real Estate:** If you are looking to transfer or sell land, real estate or income properties, now might be a good time to consider a part or complete gift of that asset to save taxes. Options may exist as well for receiving income for life in return and still get a tax deduction as a charitable gift. (See income gifts below)
7. **Mineral interests, Copy Rights, Patents:** All can be used for benefit the organization. Ask for more specifics to ensure you make the most impact with your gift.
8. **Paid up Insurance:** With some individuals, policies are paid-up and not needed anymore for the original purpose. These could make easy gifts with no impact on the checkbook.
9. **Retirement funds:** Sometimes a gift from a retirement fund is the best thing one may offer. Currently anyone 70 ½ years or older may also gift up to \$100,000 from an IRA if transferred directly from the agent to NDCF c/o Vision West ND. Ask us for more details about this giving type.

LIFE INCOME GIFTS

Charitable Gift Annuity: Offers you a partial charitable deduction. On a regular schedule, you would receive income in return for your gift calculated by a percentage based on your age. Rates range from 5% to 9% based on your age (there is some return of principal). The nice part of the gift plan is the fixed reliable income, but also it can protect the asset value from probate and estate taxes. They are simple to set up, and 100% of the assets are conservatively invested in a special restricted fund to ensure a secure payout of income. The remainder value becomes the gift to the charity.

Charitable Trusts: Offer great flexibility to benefit family members, special needs children, or a remaining spouse and still help charity. Gifts can be set up to provide variable or fixed rate income to serve the needs of you and your family. Trusts can also help reduce or eliminate the capital gains tax, provide a large charitable deduction, save estate taxes, and increase income from a non-income or low income producing asset. When income beneficiaries pass away, the remaining fund balance would go to the charitable remainder beneficiary.

ESTATE GIFTS: For project fund or Endowment

Assignment Gift: By designating Vision West ND as a beneficiary or co-beneficiary of your Retirement funds, insurance or bank account, you provide a nice gift when you are done with them. Many gifts like this only require a simple signature on a beneficiary form.

Bequests in Wills or Living Trusts: Are a simple way for you to establish memorials, or funds which will live on past your lifetime. We suggest a person leave a percentage bequest which then fluctuates with available assets. In some cases, when children or other family members are part of the plans, we suggest they consider our charity as an “extra” family member.
